April 01, 2024

Message

It is a matter of great honor and pride for SNDT Women's University to collaborate with the Patheya Foundation in our endeavor to provide Second Education to our students.

While our educational institutions routinely impart knowledge about the objective world, there is a need to make our students introspect on the inner self too. The Second Education would strive to do so by helping them understand, in the spirit of a scientific quest, their real self and will complement the main-stream education. This will help our students evolve and realize their potential to the fullest.

In the first phase we plan to offer the Second Education program in the 2024-25 academic session to the selected group of students on an optional basis. Based on the outcome of this preliminary exercise, we may even think of extending it to all the students.

I wish the Patheya Foundation all the success in their pioneering efforts at enabling young minds to realize their potential.

(Dr. Ujwala Chakradeo)
